SAFETY & WARNING INSTRUCTIONS

Order No. **366-1035**

Item/Model **SARO Pizza oven Table
model PALERMO 2**

GTIN **4017337366408**

Safety and Warning Instructions

- Place the device only on a stable, level, and heat-resistant surface.
- Before first use, remove all protective films and packaging materials, including from inside the device.
- Keep ventilation slots clear of obstructions to ensure proper airflow and prevent overheating.
- Children and unauthorized persons must not operate or be unsupervised near the device.
- The external surfaces and internal compartments of the device become very hot during operation – risk of burns. Use appropriate protective gloves when handling hot chambers and accessories.
- Do not store flammable or explosive materials near the device. Maintain a minimum clearance of 50 cm on all sides.
- Do not clean the device with a water jet or immerse it in liquids – risk of short circuits and electric shock.
- Always switch off, unplug the device, and allow it to cool completely before cleaning or maintenance.
- Repairs must only be carried out by qualified personnel. Modifications or alterations to the device are prohibited.
- Refrain from cleaning the fireclay stones while they are hot. Cleaning them when hot may cause cracking.
- Carefully remove hot baking trays or pizza pans with suitable protection to avoid burns.
- Keep the door closed during operation to minimize energy loss.
- Discontinue use immediately if the device or power cord shows visible damage, and contact qualified personnel.
- The device is intended solely for preparing pizzas and similar foods. Any other use may cause damage and void the warranty.
- Do not use extension cords or power strips to avoid overheating and fire hazards.
- During initial operation, residue on the heating elements may cause smoke. This is normal and no cause for concern.
