SAFETY & WARNING INSTRUCTIONS

Order No. **502-1005**

Item/Model **SARO infrared patio heater
model 2400 Giant**

GTIN **8713415334975**

Safety and Warning Instructions

- The patio heater is designed exclusively for outdoor use. Do not use in enclosed or damp indoor spaces like bathrooms or laundry rooms.
- Keep flammable objects such as tarpaulins, umbrellas, furniture, or paper at least 1 meter away from the device.
- The heater must be securely mounted.
- During operation, the heating cap becomes extremely hot. Do not touch the device to avoid the risk of burns.
- Do not spray or clean the device with water. Ensure that no liquids come into contact with electrical parts.
- Use the heater only with grounded outlets that are equipped with a residual current device (RCD).
- Do not leave the device unattended while in operation.
- Do not place objects on the heater or cover it, as this can cause overheating and a fire hazard.
- Children under 3 years old should not be near the device. Children between 3 and 8 years old may only be near the device under supervision and with appropriate instructions.
- If damage to the device, cord, or outlet is detected, immediately disconnect the device from the power supply and do not use it further.
- Always switch off the device, disconnect it from the power supply, and allow it to cool completely before cleaning or maintaining it.
- Use only original spare parts and have maintenance performed exclusively by qualified personnel.
- Do not use near easily flammable substances such as gas or solvents. Explosion hazard!
- The heater should never be positioned to emit heat upward to avoid overheating the ceiling.
- During installation or disassembly, ensure the device is disconnected from the power supply.
- Dispose of packaging materials safely and keep them out of reach of children, as they may pose a suffocation hazard.
