

TECHNICAL DATA SHEET

Order No. **502-1020**

Item/Model **SARO gas heater
model THG 10000-DE**

GTIN **8713415323948**

- **Material: (housing) metal, black stove-enamelled**
- **Patio heater as a standing model, with protective grille**
- **For commercial use in outdoor areas**
- **Gas heater for butane/propane**
- **Only approved for Germany: I3B/P (50)**
- **Piezo ignition**
- **Incl. gas hose (1.5 m long) and pressure regulator**
- **Consumption: 450 - 1000 g / h**
- **Anti-tip: 3 foot anchor brackets included**
- **Supplied disassembled, assembly required**
- **Range: up to 75 m²**
- **Infinitely adjustable**
- **Connection pressure: 50 mbar**
- **Power: 4 kW to max. 10 kW**
- **Dimensions: diam. 460 (shade: dia. 705) x H 2200 mm**
- **With 2 practical transport wheels**
- **Weight (net/gross): 12.7 / 17 kg**

Origin China

customs tariff no. 73218100

SAFETY & WARNING INSTRUCTIONS

Order No. **502-1020**

Item/Model **SARO gas heater
model THG 10000-DE**

GTIN **8713415323948**

Safety and Warning Instructions

- Installation should only be carried out by qualified professional installers.
- Safely dispose of packaging materials to avoid choking hazards.
- Use the device exclusively outdoors; using it indoors is prohibited and dangerous.
- Ensure that the gas supply is correctly connected and checked for leaks.
- Before first use, remove all packaging materials and protective films, and check the tightness of the connections with soapy water.
- In case of a gas smell, immediately turn off the gas supply, ventilate the room well, and avoid open flames and sparks.
- During operation, surfaces can become very hot; risk of burns! Avoid contact.
- Never clean the device with a water jet or pressure washer to avoid damage to gas lines or ignition mechanisms.
- Clean only with a soft cloth and mild detergent; do not use abrasive or scrubbing agents.
- Do not use the device in strong winds and secure it against tipping over, such as by anchoring it to the ground.
- Children and unauthorized persons should not use the device unsupervised.
- Always replace gas bottles outdoors or in well-ventilated areas; avoid open flames during the process.
- When not in use for extended periods, disconnect the gas supply, clean the device, and cover it.
- Immediately replace damaged gas lines or connections with original parts and perform leak tests.
- Only use propane or butane gas cylinders that comply with regulations.
- In case of visible damage, unusual noises, or malfunctions, immediately stop operation and contact qualified personnel.
